📁 EXPERIENCE

Mi Turno Web App 📄

Frontend Developer

Web application for booking appointments in companies with physical branches, managing the flow of customers and allowing to customize the capacity, schedules and duration of shifts.

The Movie Party

Full Stack developer

Website featuring a collection of movies and series with detailed information and trailers. Customers can create personalized profiles to browse and search for content, as well as access trending sections.

Fast Delivery 📄

Frontend Developer

Logistics application for a company with hundreds of delivery drivers. It allows delivery drivers to register, select daily packages and provides the company with a view to monitor operations and delivery status.

Don Basilio 📄

Frontend Developer

Website for the barber shop 'Don Basilio' with 'SeptemDev Studio'. The app introduces the hairdresser and his work, and allows to schedule appointments through a virtual calendar for a better organization of appointments.

SeptemDev Studio 📄

Frontend Developer

Development of the agency 'SeptemDev Studio' website, showing in detail the projects carried out, solutions, results and presenting the team with their skills and roles, as well as explaining their work methodology.

Family Construction Company

Administrative Assistant

01/2022 – 05/2023

I had an administrative role in a construction company, managing suppliers, organizing the day-to-day running of the company and supporting in the planning of projects.

🏆 EXTRACURRICULAR EXPERIENCE

Professional basketball player at GEVP team.

Participation in a solidarity action project with rural schools in Misiones.
