### About Me

I am a Frontend Developer with experience in collaborative environments, specializing in the creation of modern and functional websites. I have skills in WordPress and Elementor, as well as in web application development with JavaScript, React, Tailwind CSS, among others. I value empathy and communication to foster a comfortable and efficient work environment, facilitating the progress of projects. My goal is to contribute creativity, dedication, and technical knowledge, always willing to help and learn, to achieve continuous personal and professional growth.

### Education

#### Coding Bootcamp, Plataforma 5

Argentina

Formación en desarrollo FullStack con JavaScript, realizando más de 8 horas diarias de programación en stacks PERN y MERN. Modalidad teórico-práctica, aplicando metodologías ágiles y trabajo colaborativo (SCRUM) mediante pair-programming.

#### Curso desarrollo frontend, Courseit

Curso de desarrollo Frontend, en el que vimos los fundamentos de tecnologías como HTML, CSS y Javascript, con un método teórico-práctico.
